Ass Lickers on Parade!

Editorial

Do you remember the first time that you actually had your tongue on some other guy's asshole? Pretty scary, huh? Isn't it amazing how fast an idea like touching your tongue to a shit hole can go from totally gross to wholly delicious in such a short time? Obviously something that feels that good to do and have done to you must be sanctioned by the laws of nature. After all, don't most domesticated house pets do it? That certainly makes it good enough for us. Yes, of course, safe sex rules should be taken into consideration in these moments. Our part is simply to bring to you the most slurpy, spit-slickened little puckers with tongues jammed up them as far as they will go. The rest is up to you.

Fundamentally

For years, Falcon has refined and honed their product to be the most efficient and high-quality masturbation aids on the market. They have done this simply by finding and grooming the most beautiful guys in the world to be the most lascivious sex performers on screen. Their settings can be monotonous and the sameness of the guys can be frustrating, but they have a consistent intensity that no other line can boast of.

*Their success often pivots on their detailed depiction of shaven assholes and their stuffing by tongues, fingers, dildos cocks and whatever else inspires them. Some of the vidoes represented here are: *The Big Bang*, *On The Lookout*, *The Buttbusters*, *The Abduction*, *Open House*, and *Made For You*. Some of the legendary assholes: Jack Dillon, Chance Caldwell, Matt Gunther, Chad Knight, Rex Chandler, Craig Slater, Johnny Rahm, and Jack Lofton.*

Falcon

Catalina's Crack-Addicts

Catalina's strong points have been a stable of varied artists, rather than a unified look. Catalina's product tends to have a broader range than some of the other companies, but because of their divergent talent pool, their products often have the quirky vision of the sexually gifted. A wider variety of men and boys,

unique locations, specialized costuming all conspire to make a product that would fascinate a collector as well as satisfy an onanist.

We have selected the ass-licking best from some of these videos: Damien, Wes Daniels, Chris Stone, Arik Travis, Cody Foster, Johnny Rahm, Ted Cox, et. al.

Stroke is the Rolls Royce of masturbation manuals ...

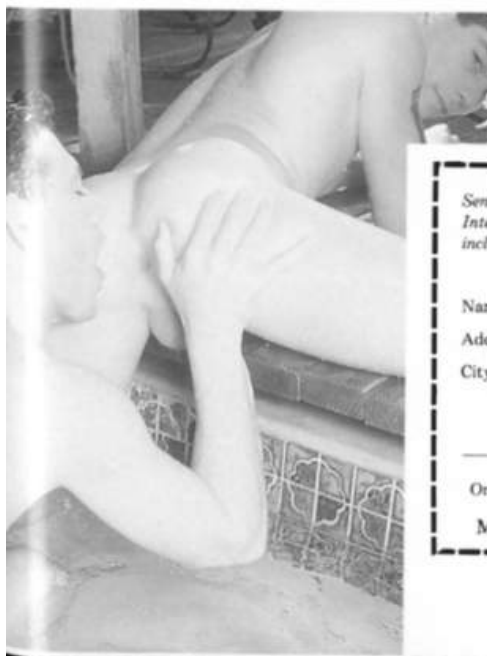

Our aim at STROKE Magazine is to get you hard and get you off. Civil rights, fashion, medical reports, rodeos and culture are much better handled by other folks. We handle sex. Guys having sex. Sex with each other. Sex with themselves. Sexual thoughts and fantasies.

STROKE is a tool. A tool to get your tool to shoot a hot load. A tool to share with another guy to get you both hot enough to try anything (safe, of course).

STROKE is a tool to get your imagination going so you can contribute your own writing, drawings and photographs to our pages.

STROKE's format includes cum dripping out of mouths, well-worn leather goods, interracial sex, cocks stuffed into all the places you can stuff a cock, personal photos of the readers, first-time experiences from the readers, long sex-filled fiction work, soiled underwear, straight guys having sex with other guys for the first time, fully explicit comix, jailhouse recreation, stories, punks, freaks, innocents, thugs, brats and really perfect-looking guys.

STROKE is 100 pages, with a lot of all-color photos, that happens once every two months. *Screw* magazine called us "the best jerk-off manual on the stands."
